

EasySubli™ Heat Transfer Vinyl

The latest Innovation in Sublimation!

Never be limited to white polyester again when you switch to Siser® EasySubli™! This heat transfer vinyl is the key to unlocking the door to sublimation printing on colored polyester and other fabrics like cotton, rayon, wool and more. Brightest colors and best results are achieved when paired with *Siser EasySubli Inks* by Sawgrass and the Virtuoso SG400 or SG800 printers. From craft business to corporate business, *EasySubli* is the sublimation solution for you!

Perfect For:

- Souvenir T-Shirts
- Graduation Apparel
- Announcements, celebrations, and event wear

Recommended Accessories

- Sawgrass Virtuoso SG400 or SG800 sublimation printer
- *Siser EasySubli Inks* by Sawgrass
- Electronic cutting machine (ie. Silhouette, Cricut®, etc.)
- *Siser EasySubli Mask*
- *Siser Squeegee*
- Heat Press

Product Highlights

- Applies to 100% polyester, 100% cotton, poly/cotton blends, and most other fabrics.
- Can be applied to any color garment. You're not limited to white polyester anymore.
- Applies at the low temperature of 311°F so you can decorate heat sensitive fabrics.
- Can be applied with a heat press or *Cricut EasyPress*.
- CPSIA certified, so you can safely decorate kid's items with peace of mind.

Product Advantages

- Print directly on *EasySubli* or use traditional sublimation paper to transfer the inks.
- Compatible with standard sublimation inks as well as the specially developed *Siser EasySubli Inks* by Sawgrass. Please note, color vibrancy will vary depending on ink.
- Start-up costs are significantly less expensive for sublimation printing than solvent, eco-solvent, or latex.

Why Siser Brand?

Trusted since 1970, *Siser* is the quality heat transfer vinyl manufacturer relied on by businesses big and small all over the world. With expert customer support and valuable online learning tools, *Siser* is here to guide you every step of the way!
