# DURALUXE

Duraluxe is the most durable, **exterior grade** sublimation material available today.

Our specially formulated, sublimation friendly aluminum sheet is guaranteed to meet the demands of the harshest environments.

## FEATURES

- **Five year warranty**

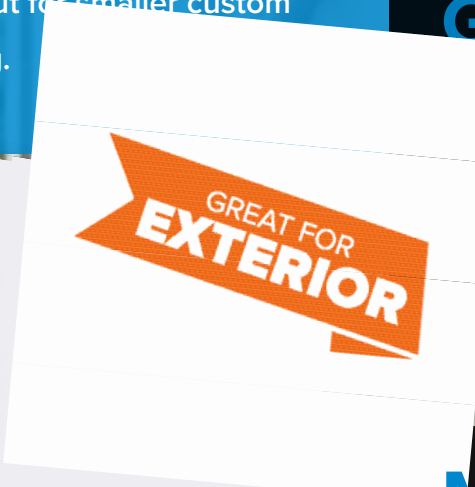

- UV stability with superior fade and wear resistance
- Bright white with gloss, matte and texture finishes
- Excellent chemical resistance
- Heavy gauge .045" thickness
- Outstanding image transfer
- No lamination required
- Graffiti proof

Textured Finish

**Duraluxe** is the only sublimation sheet material to be offered in three distinct surface finishes of gloss, matte non-glare and texture to meet the widest range of applications.

These tough panels can be shear cut for smaller custom sizes without chipping and cracking.

## GLOSS

Matte white. Outdoor weatherable & UV stable.

6" x 12"	CT0612

## LINCOLN BOTANICAL GARDENS

One of the areas most popular tourist attractions  
and a world-renowned floral display garden.

Opened:  
August 1904

Size:  
Public Viewing:  
55 acres

Annual Visitors:  
Nearly 1,000,000

### Tulips

*Tulipa gesneriana*

In spring, over 150 varieties of tulips bloom creating magnificent rainbow-carpeted flower fields.

### Tuberous Begonia

*Begonia tuberhybrida*

These large flowers come in a wide range of colors and are displayed in the garden's famous begonia bower.

### Tibetan Poppy

*Meconopsis baileyi*

The species was introduced to the garden in the 1920s and has grown with great success ever since. The flower is one of the garden's perennial favorites.

## PARKS AND RECREATION

Add full-color graphics and images on outdoor park and recreational signage. Providing colorful area maps or informational graphics help deliver clear messaging for any outdoor exhibit or display.

5 YEAR WARRANTY | HEAVY GAUGE THICKNESS

# APPLICATIONS

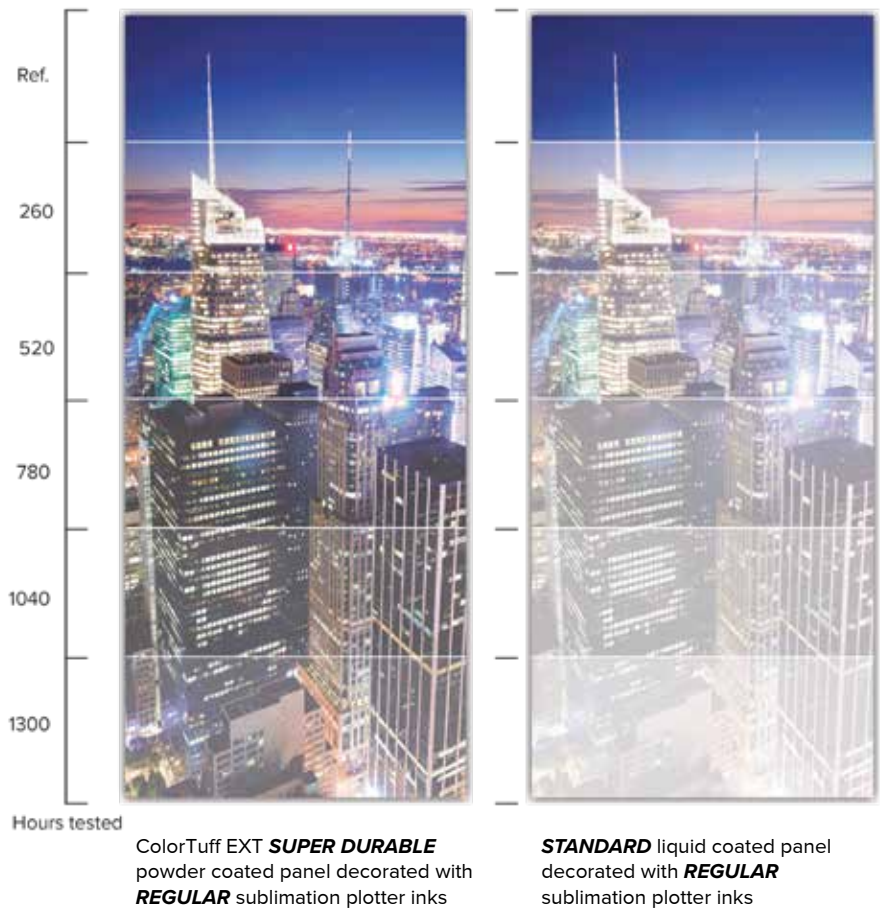

## PHOTOGRAPHY

Create a dynamic visual impact with our superior Duraluxe aluminum panels. You now have the ability to provide high-definition, durable photos for exterior spaces. Display your professional photographs or artwork like never before.

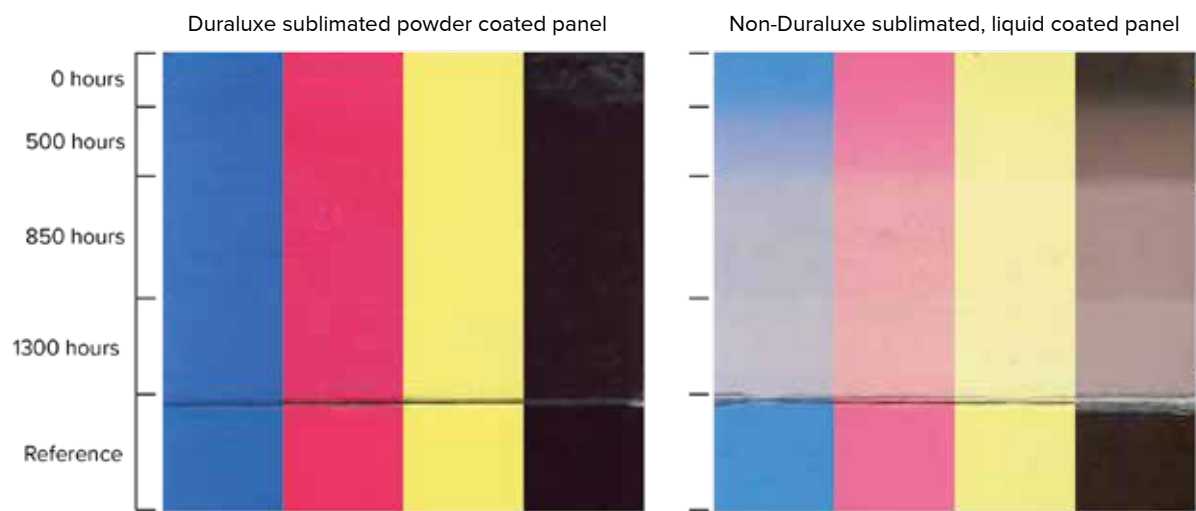

# PRODUCT TESTING

## OUTDOOR UV RESISTANCE

## QSUN COLOR FADE TESTING

Color-fade results after accelerated weather testing on colored CMYK strips exposed for 1300 hours.
