

Material Safety Data Information

You have requested a Material Safety Data Sheet from us for products sold to you under the Federal requirements that deal with the movement of chemicals, manufactured or imported, into the United States and require the protection of Material Safety Data Sheets (MSDS) for employees handling hazardous material.

Specialty Tapes Manufacturing is not a “chemical manufacturer” under the terms of the code and, as such, produces no chemicals for which an MSDS is required. Specialty Tapes Manufacturing does manufacture pressure sensitive adhesive tape and tape products from some such chemicals. However, according to Title 29/1910.1200(5) (iv) (c), such products are considered exempt from the notice requirements since they do not release or otherwise result in exposure to a hazardous chemical under normal conditions of use.

As a result, no MSDSs are required for products manufactured by Specialty Tapes Manufacturing or for products we buy or convert from other manufacturers.

Products include:
Polyester Masks and Laser Foils
