

Ideal for any interior application, these signs feature a one-piece injection molded construction with a durable, scratch-resistant finish. Available and ready-to-ship in black with white text/graphics and grade 2 Braille. Use Presto™ ready made signs as compliant placeholders until other signs are complete or as cost-effective permanent signage for the client on a budget.

Presto ready made signs are stocked in the styles shown to the right. Also, available in a framed option using our Black Sapphire Portico frame.

Features:

- » Material: polymer
- » Indoor and outdoor weatherable
- » Installation method: screws or tape
- » Substrate thickness: 1/16" / 1.5mm
- » Sold individually
